

Selected Reference Projects - Consulting Services

REF. NO	CONSULTING / SERVICE PROVIDED	DESCRIPTION	SITE / LOCATION	CLIENT	SECTOR
1	Phase II ESA (Environmental Site Assessment)	Soil borings, sampling and analysis, evaluation of the pollution and recommendations for remediation.	1997 District XV. City of Budapest, Hungary	BONUM Ltd. (Court Appointed Liquidator and Reorganizer)	Commercial Real Estate / Industrial Site
2	Phase II ESA (Environmental Site Assessment)	Site investigation to determine the level of soil contamination, recommendations for remediation.	1997 District IV. City of Budapest, Hungary	BONUM Ltd. (Court Appointed Liquidator and Reorganizer)	Tanner Industry
3	Phase I & II ESA (Environmental Site Assessment).	Assessment of the polluted site, recommendation for action.	1997 Jaszker, Hungary	BONUM Ltd. (Court Appointed Liquidator and Reorganizer)	Furniture Industry
4	Sampling of refinery wastewater system.	Sampling of an extended wastewater collection system in Duna Refinery for a Water/ Wastewater Management Upgrade Plan, study supported by USTDA.	2000 Duna Refinery Szazhalombatta, Hungary	Millennium Science and Engineering Inc.VA Office, USA	Oil Industry
5	Investigation and sampling	Investigation and sampling of two wastewater settling lagoons of 200000 m ³ total capacity in Duna Refinery	2002 Duna Refinery Szazhalombatta, Hungary	Earth Tech Engineering Hungary, Ltd.	Oil industry
6	Design, construction supervision and monitoring of lined temporary containment units for interim storage of sludges.	Design and supervision of construction of four, each 10000 m ³ capacity lined interim storage units for temporary storage of thixotropic sludge.	2004 Duna Refinery Szazhalombatta, Hungary	Earth Tech Engineering Hungary, Ltd.	Wastewater

REF. NO	CONSULTING / SERVICE PROVIDED	DESCRIPTION	SITE / LOCATION	CLIENT	SECTOR
7	Environmental Due Diligence Assessment (EDDA).	Assistance in Environmental Due Diligence Assessment, Phase I and II and reporting for metal parts manufacturing plant.	2006 Jaszbereny & Hatvan Hungary	Finnish Firm	Manufacturing of metal based component systems for construction
8	Environmental Due Diligence Assessment (EDDA).	Assistance in Environmental Due Diligence Assessment, Phase I and II and reporting for a foundry site.	2007 Jaszbereny, Hungary	Finnish Firm	Manufacturing of metal based component systems for construction
9	Environmental Audit	Environmental Audit of a metal and machinery manufacturing site.	2007 Csot, Hungary	Top 500 US International Engineering, Design and Construction Firm (URSCorp)	Manufacturing of metal element systems
10	Environmental Audit	Environmental Audit of Mono-lpolyfabric car part manufacturing site.	2007 Ipolytolgyes, Hungary	Top 500 US International Engineering, Design and Construction Firm (URSCorp)	Automotive Design Elements
11	Phase I ESA (Environmental Site Assessment)	Phase I Environmental Site Assessment and reporting on a logistics and distribution site.	2007 and 2008 Gyal, Hungary	Top 500 US International Engineering, Design and Construction Firm (URSCorp)	Commercial Real Estate / Distribution Center
12	Environmental Audit	Environmental audit of a chemical distribution site of a multinational chemical distributor.	2007 Budapest, Hungary	Top 500 US International Engineering, Design and Construction Firm (URSCorp)	Chemical Distribution

REF. NO	CONSULTING / SERVICE PROVIDED	DESCRIPTION	SITE / LOCATION	CLIENT	SECTOR
13	Desk Study.	Desk Study and assessment of a waste oil collection and recycling site (operated by Safety-Kleen).	2007 Szazhalombatta, Hungary	Top 500 US International Engineering, Design and Construction Firm (URSCorp)	Waste Management
14	Environmental Due Diligence Assessment (EDDA).	Phase I EDDA of multiple quarries, sand pits and pavement stone manufacturing sites of multinational company.	2007 various locations in Hungary	Top 500 US International Engineering, Design and Construction Firm (URSCorp)	Aggregate Industry
15	Phase I & II ESA (Environmental Site Assessment)	Phase I & II Environmental Site Assessment and reporting on a lens and optics manufacturing.	2007-2009 Mateszalka, Hungary	Top 500 US International Engineering, Design and Construction Firm (URSCorp)	Lens and Optics Industry
16	Phase I ESA (Environmental Site Assessment)	Phase I Environmental Site Assessment and reporting on a grain storage and distribution site of a multinational company.	2008 Oroshaza, Hungary	Top 500 US International Engineering, Design and Construction Firm (URSCorp)	Commercial Real Estate / Distribution Center
17	Phase I ESA (Environmental Site Assessment)	Phase I Environmental Site Assessment and reporting on an industrial site hosting activities of expanding multinational drilling enterprises in energy sector.	2008 Szeged Algyo, Hungary	Top 500 US International Engineering, Design and Construction Firm (URSCorp)	Energy Industry
18	Environmental Impact Assessment, Environmental Site Assessment and various permitting (water management permit, operation permit, etc.)	Various studies and documentations for permit applications for expansion of a car parts manufacturing site and test track.	2008-2012 Veszprem, Hungary	Continental Automotive Hungary	Auto Parts Manufacturing

REF. NO	CONSULTING / SERVICE PROVIDED	DESCRIPTION	SITE / LOCATION	CLIENT	SECTOR
19	EHS Audit	Environmental, Health and Safety Compliance Audit of a aggregate plant owned by multinational corporation.	2009 Budapest, Hungary	Top 500 US International Engineering, Design and Construction Firm (URSCorp)	Aggregate Industry
20	Environmental Due Diligence Assessment (EDDA).	Phase I EDDA of a brewery acquired by a multinational company.	2009 Bocs, Hungary	Top 500 US International Engineering, Design and Construction Firm (URSCorp)	Food Industry
21	Phase II ESA (Environmental Site Assessment)	Phase II Site Assessment of an electrical parts manufacturing plant.	2009 Kunszentmiklos, Hungary	Top 500 US International Engineering, Design and Construction Firm (URSCorp)	General Manufacturing
22	Feasibility & Mapping Study	Feasibility / Mapping Study for use of RDF (Refuse Derived Fuel) and recyclable materials as alternative fuels and raw materials in a cement plant in Bulgaria	2009 Bulgaria	TITAN Cement	Cement Industry
23	Phase I & II EDDA (Environmental Due Diligence Assessment)	Phase I & II EDDA and reporting on a food processing plant.	2010 Tatabanya, Hungary	Top 500 US International Engineering, Design and Construction Firm (URSCorp)	Food Industry
24	EHS Audit	Environmental, Health and Safety Compliance Audit of gas stations.	2011 Budapest, Hungary	International operator of gas stations	Oil Industry
25	Desk Study	Review of WEEE legislation in Hungary and reporting for a multinational company in electronics and printing sector.	2011-2012 Budapest, Hungary	URS Ireland	IT Industry

REF. NO	CONSULTING / SERVICE PROVIDED	DESCRIPTION	SITE / LOCATION	CLIENT	SECTOR
26	Environmental Due Diligence Assessment (EDDA).	Phase I EDDA of a cement manufacturing plant.	2011 Odessa, Ukraine	Top 500 US International Engineering, Design and Construction Firm (URSCorp)	Cement Industry
27	Site investigation.	Phase I and II site investigation of a maintenance facility (operated by Otis / UTC).	2011 Budapest, Hungary	Top 500 US International Engineering, Design and Construction Firm (URSCorp)	Building Systems
28	Energy Performance Certification.	Energy Performance Certification of a 15000 m ² size industrial building with freezer warehousing.	2011 Gyal, Hungary	URSCorp /Prologis	Commercial Real Estate / Logistics
29	Environmental Due Diligence Assessment (EDDA).	Phase I EDDA of a paper goods manufacturing plant.	2011 Fuzesabony, Hungary	URSCorp Germany	Paper and packaging Industry
30	EHS Audit	Environmental, Health and Safety Compliance Audit of a GE Aviation facility.	2011 Veresegyhaz, Hungary	URSCorp Germany	Aviation Industry
31	Feasibility Study	Feasibility Study for disposal and recycle of slag and fly ash generated from in-house hazardous waste incinerator in Duna Refinery.	2011 Szazhalombatta, Hungary	MOL - Hungarian Oil and Gas Company	Oil Industry
32	EHS Assessment	Vendor EHS Assessment of a construction materials manufacturing facility.	2012 Felsolajos, Hungary	URSCorp	Construction materials
33	Desk Study	Desk Study related to tonner and ink cartridges take back program (HP's Planet Partners Program).	2012 Hungary	URS Ireland	Electronics Industry

REF. NO	CONSULTING / SERVICE PROVIDED	DESCRIPTION	SITE / LOCATION	CLIENT	SECTOR
34	Feasibility Study	Feasibility Study for Scrap Tire recycling technology investment.	2012 Budapest, Hungary	GEP Plc	Waste management
35	Participation and supervision	Participation in the Design, Construction and Commissioning of an RDF / PEF facility.	2012 Zlatna Panega, Bulgaria	Titan Cement	Cement Industry
36	Compliance audit	EHS compliance audit and review of Safety Analysis Plan of a site producing specialty products for hygiene and disinfection.	2012 Nyíregyhaza, Hungary	Anti-Germ Hungary Plc	Chemical Industry
37	EHS review	Phase I EHS review of one of the biggest logistic centers in Hungary.	2013 Biatorbagy, Hungary	RPS Group / WestLog DC	Warehousing and Logistics
38	Permitting and site investigation	Permitting documentation for groundwater monitoring wells and site investigation report preparation for Carl Zeiss Vision site.	2013-2014 Mateszalka, Hungary	URS Deutschland	Optics, lenses manufacturing
39	Environmental Due Diligence Assessment (EDDA)	Phase I EDDA for one of the biggest transactions in 2015 in Hungary, involving 27 RMC sites and 2 Cement Terminals.	2014-2015 Hungary	URS Ireland /AECOM	Construction materials
40	Environmental expertise	Supporting a litigation case as local environmental expert in behalf of the Plaintiff.	2015 Hungary	URS Deutschland	Optics Industry
